- FBLC Canadian National Leadership Conference: 1st Place - Coding & Programming Cluster (47 competitors)
- DECA provincials: Top 9 / 126 - Finance Operations Research
- DECA: Top 25 / 1460 - Stock Market Game

EXPERIENCE

Hack The North Sept 2024

Sponsor Prize Winner University of Waterloo

- Built **Pew Pew**, a FastAPI security tool that converts legacy CCDC intrusion logs into a visual attack timeline mapping compromised hosts and threat actors.
- Won sponsor prize among 850+ hackers by enabling faster forensic analysis and clearer incident reporting.

Jamhacks June 2024

Best Marketed University of Waterloo

- Developed a Raspberry Pi computer vision system that detects goose droppings in real time to maintain safer paths.
- Won Best Marketed among **200+ participants** through strong user-focused design and unique value proposition

DECA Sept 2025 - Present

Training Executive White Oaks Secondary School

- Designed and delivered workshops for **Project Management** events on project planning, collaboration, and presentation strategy, increasing participation and engagement
- Mentored teams to competitive success, with 75% advancing to provincial and national levels.

Computer Science Sept 2025 - Present

Training Executive White Oaks Secondary School

- Developed lessons and mini-projects teaching programming, algorithms, and problem solving.
- Organized the school's **Triple Olympiad**, coordinating with the math, CS, and physics clubs for a multi-day competition.

Robotics Sept 2025 - Present

Logistics Executive White Oaks Secondary School

- Coordinated floor layout, equipment logistics, and scheduling for the **White Oaks VEX tournament**.
- Collaborated with business and media teams to support smooth operations and event execution.

Snowboard Volunteer Dec 2023 - Mar 2024

Snowboarding Apprentice Glen Eden

- Assisted instructors in coaching **20+ beginner** riders per session, improving safety and confidence through individualized support.
- Guided students on lifts and terrain navigation while reinforcing safety procedures and technique fundamentals.

PROJECTS

TangenAI Dec 2023 - Feb 2024

- Built a mobile app using Expo & React Native that analyzes financial news sentiment to identify stock trend signals.
- Qualified for DECA **International Career Development Conference**.

EDUCATION

White Oaks Secondary School Sept 2023 - Present

International Baccalaureate Diploma Program Oakville, Canada

- **Leadership:** Training Executive (DECA, Computer Science, FBLC) • Robotics Logistics Executive
